#### **Other Info:**

We will chart an aggressive plan to assist the girls in beginning to plan for college and/or careers after High School. We ask that every girl talk to the coaches about their plans. We do our best to help them set a road map to achieve their goals after High School. We will have college coaches attending practice through the winter and spring months to meet the girls and talk to them about playing in college. Academics are of the utmost importance. Anyone having issues in any subject should let the coaches know so that we can help them.
